

Purchase Order Requisition

Purchasing Department use: P.O. Number 1371 Date April 12, 2018
Bill: First Coast Workforce Development Ship to: CareerSource NEFL
 Accounts Payable Information Technology
 1845 Town Center Blvd., STE 250 8324 Baymeadows Way
 Fleming Island, Florida 32003 Jacksonville, Florida 32256

Name and Address of Vendor/Contractor: PSIGEN Software Inc.
 500 Lanier Road, Building 1, Suite B
 Madison, AL 35758

Description of Supplies and/or Services Purchased: Information Technology
Renewal of Maintenance and Support Agreement. In order to continue to effectively have access to the PSIGEN (Cabinet) software and leverage the investment that CareerSource Northeast Florida has made, the software must be updated and patched on a regular basis. Without the agreement, this is not possible and there will be no phone support from the vendor for software issues should they occur. As a result the renewal of this agreement is essential for the ongoing use of this system. PSIGEN (Cabinet) is a mission critical application and is essential to the overall operations in the region. The renewal includes free updates of the software as it becomes available. Renewal for April 16, 2018-April 15, 2019. In 2017 Cabinet, Inc. was acquired by PSIGEN, documents attached.

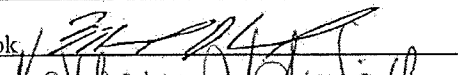

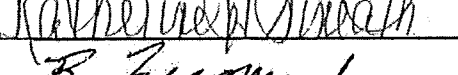

Quantity	Product Description (Be specific, Catalog number, etc.)	Unit Price	Total Cost
200	PSIsafe (Cabinet) Licenses (Annual)	\$147.50	\$29,500.00
1	PSIsafe Synchronizer (Yearly Software Maintenance)	\$300.00	\$ 300.00
1	PSIsafe Retriever(Yearly Software Maintenance)	\$100.00	\$ 100.00
1	PSIsafe Capture Tools(Yearly Software Maintenance)	\$300.00	\$ 300.00
1	Yearly Technical Support for 100-199 Users (Annual)	\$4,000.00	\$ 4,000.00
2	Advanced Capture Enterprise 480K Bundle-Classification-Update	\$2,450.00	\$ 4,900.00

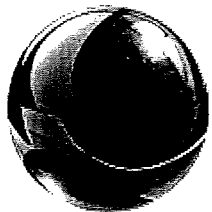

THIS SECTION MUST BE FILLED IN!

STATE CONTRACT # _____ Subtotal \$39,100.00
 QUOTES (Attached) Shipping _____
 SOLE SOURCE (Attach justification for sole source) Other _____
 BLANKET PURCHASE ORDER
 April 16, 2018-April 15, 2019 Total Cost \$39,100.00

Purchasing Department Use:							
Element	Project	Transaction Code	Amount	Element	Project	Transaction Code	Amount

VENDOR JUSTIFICATION: PSIGEN (Cabinet) is chosen due to this maintenance agreement is only available from the manufacture, which is PSIGEN.
 There are other ECM solutions on the market but are proprietary and would be incompatible with our current system.

Yes, I'm sorry I didn't mention that.

Cabinet was acquired by PsiGen.

Mike,

Did Cabinet change names. The quote that you send doesn't mention Cabinet at all. From the quote attached I am not able to tell what we are renewing.

Thanks,

Katherine Sineath

PSIGEN Software, Inc. Acquires Cabinet Document Management Solutions

PSIGEN Software, Inc., the leader in advanced document capture and scanning solutions, today announced that it has acquired Cabinet Document Management Solutions.

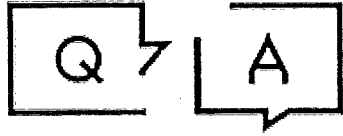

PSIGEN will continue to develop and support Cabinet's flagship product, SAFE. PSIGEN will offer SAFE as both on-premise and cloud offerings through many of its 500-plus authorized resellers worldwide, in addition to Cabinet's existing VAR and integrator channel.

"Over the long term, clients of PSIGEN and Cabinet will see continued enhancements and streamlining of the software they use today," said Abe Niedzwiecki, former Cabinet founder/president and incoming PSIGEN CTO. "Clients who remain current with annual maintenance will continue to benefit from the continuing evolution of our products to meet and exceed customer requirements."

While the union of PSIGEN and Cabinet is new, the partnership between the companies is not. This acquisition is borne out of a 17-year partnership between PSIGEN and Cabinet, poised the blended company for a successful new life as the premier provider of advanced document capture and workflow solutions.

Leading Advanced Document Capture Company Acquires Content Management and Workflow Firm

PSIGEN Software, Inc., the leader in advanced document capture and scanning solutions, today announced that it has acquired Cabinet Document Management Solutions, an Alabama-based provider of content management, workflow and business process automation solutions.

PSIGEN will continue to develop and support Cabinet's flagship product, SAFE. PSIGEN will offer SAFE as both on premise and cloud offerings through many of its 500-plus authorized resellers worldwide, in addition to Cabinet's existing VAR and integrator channel.

"This acquisition allows PSIGEN to significantly increase the breadth of our product offerings and provide a remarkably full-featured, end-to-end document capture and workflow solution for any company, on almost any platform. PSIGEN and Cabinet distributors, VARs and clients will realize significant benefits, not only with the ability to add workflow, robust search, and data analytics capabilities to just about any Enterprise Content Management (ECM) platform; but to pair it with the most Advanced Document Capture solution in the world. Creating a truly integrated, proven suite of software solutions will empower clients to transform the way they manage mission-critical documents, processes and business information," said Bruce Hensley, PSIGEN's CEO.

"Over the long term, clients of PSIGEN and Cabinet will see continued enhancements and streamlining of the software they use today," said Abe Niedzwiecki, former Cabinet founder/president and incoming PSIGEN CTO. "Clients who remain current with annual maintenance will continue to benefit from the continuing evolution of our products to meet and exceed customer requirements."

While the union of PSIGEN and Cabinet is new, the partnership between the companies is not. This acquisition is borne out of a 17-year partnership between PSIGEN and Cabinet, poising the blended

company for a successful new life as the premier provider of advanced document capture and workflow solutions.

The employees of both companies will now be employed by PSIGEN, with most maintaining the same or similar roles. Support and sales workflows remain unchanged; the existing experienced teams will continue to support their SAFE or PSicapture customers.

About PSIGEN Software, Inc

PSIGEN Software, Inc., is an innovative developer of end-to-end document capture, business process automation and content management solutions. For more than two decades, PSIGEN has provided software to improve processes around the capture and management of paper, digital documents and other mission-critical information. PSIGEN's solutions focus on cost reduction, compliance and improved efficiency for any organization. The company's products are designed to provide industry-leading flexibility and scalability, allowing for integration with any type of scanning device, fax server, MFP or network folder. PSIGEN users have the ability to organize information in PSIGEN's SAFE document management and workflow solution, or one of 60-plus supported third-party content management systems. PSIGEN delivers these solutions through a worldwide network of 500-plus authorized resellers and distributors.
