Virtual Military Veterans First Friday

Zoom Link: <https://bit.ly/vets1stfri040524>

This event allows employers and supportive service providers to talk to a small group of veterans who want to know more about that organization. In addition, you can discuss any pros and cons to the job search process. This event is popular with veterans as well as employers because of the small setting, Q & A, and many times on the spot interviews via Zoom.

After registering, you will receive a confirmation email containing information about joining the meeting.

Employer: U.S. Customs & Border Protection

Supportive Provider: Veteran Service Officer
