PRINCIPLES OF GETTING A JOB: WHAT EVERY JOB SEEKER SHOULD KNOW

**Speaker: Dr. John (Jay) Jones, CEO, Author,
Public Speaker, Trainer and Coach**

In today's competitive job market, securing employment requires more than submitting an application. It demands a strategic approach, continuous learning, networking and accountability. Dr. Jones explores the core principles that distinguish successful candidates and provides practical strategies to accelerate the job search process.

Key Topic Areas:

1. Principles of Getting a Job
2. Developing Your Personal Brand
3. Using Artificial Intelligence (AI) in Your Job Search
4. Negotiating a Job Offer
5. Networking for Career Success
